Please Read Carefully

TERMS

Prices herein listed cancel all previous prices and are subject to change without notice. All offers are made subject to supply. All shipments will be CASH ON DELIVERY unless cash is paid in advance of shipment.

HOW TO FIGURE PRICES

1 to 10 trees or plants of assorted varieties sell at the each rate; 10 to 30 at the ten rate; 30 or more at the one hundred rate.

We recognize no agreement not written into original orders sent us nor do we waive any part of the contract printed on our order blank.

We cannot accept orders calling for shipment on any specified date, for the seasonable nature of our business prevents this.

Owing to the added cost of handling small orders we are compelled not to accept orders amounting to less than \$3.00 excepting at an increase of 20 per cent, as a service charge.

GUARANTEE

We will furnish for replacement without charge, any tree, plant or root, EXCEPTING EVERGREENS, purchased from us, that may be lost from any fault of condition upon receipt, providing we are notified before August 1st following delivery.

We solicit your orders on our record of eighty-seven years of fair dealing and on the assurance of the treatment that we would expect were our positions reversed.

Sincerely,

The GREENING NURSERY COMPANY

Monroe, Michigan

Greening's Own Growing Carefully Graded

EVERGREENS MOSS BALLED AND BURLAPPED

All GREENING EVERGREENS besides being carefully grown, properly pruned and trimmed for symmetrical development are thoroughly protected for shipment by being Moss Balled. By this method, excess weight and expense in shipment of heavy earth balls is saved. We thereby are enabled to furnish Evergreens at amazingly low prices. By packing in Moss Balls, valuable fibrous roots are thoroughly protected from drying out. In planting, use care in preventing exposure of roots to sun and air, to assure success in growth:

VARIETIES

Juniperus chinensis pfitzeriana--Pfitzer Juniper

	Each
15 to 18 inches.....	\$ 1.75
18 to 24 inches.....	2.25

Greening's Double Guarantee

In the conduct of a business that is so entirely one of confidence, as is the nursery business, the inherent honesty and moral responsibility of the grower and seller counts for infinitely more than the insurance of the commodity in trade.

The buyer of a tree or plant is not buying a finished product but the means (after years of waiting) whereby his efforts may succeed or fail.

From the beginning a practice of fair dealing has been maintained and now after eighty-eight years, we are proud of the record of growth that is the reward of right service.

Greening Nursery Products are sold under a double guarantee that safeguards the interests of our customers.

First—We unqualifiedly guarantee all stock to be true to name.

Second—We guarantee all stock to have been properly packed and also safe delivery to you.

If for reasons beyond our control such as delay in transportation, etc., stock should be received in an unsatisfactory condition, or if through error any stock should prove untrue, The Greening Nursery Company will, without condition, furnish stock for replacement, without charge.

There are of course conditions of planting and weather that may affect the future of all plantings. Over these conditions we have no control, consequently

The Greening Nursery Company assumes no responsibility other than the unusual conditions set forth in our double Guarantee.

A Message to Our Customers About

Greening Nursery Products

As to integrity—an old Persian Proverb says:
“My son, the priceless ingredient of every product in the market is the honorable integrity of him who makes it—that quality stands for true worth. Consider well his name before you buy.”

No line of human endeavor carries more of a trust of honor than does the nursery business—and knowing that trust—for eighty-eight years—Greening's Nurseries have been mixing into their products “that priceless ingredient.” We have labored unceasingly to make the name Greening mean much in its application to Nursery Products.

By close intimacy with the simple laws that govern an honest effort to serve as we would be served, we constantly strive to merit the continued patronage of our friends and customers.

Eighty-eight years is a long time in the span of American business life, and it is unusual for the ideals and pioneer sincerity of purpose to have been carried on for more than three quarters of a century, by one family.

Greening Research

Ever alert to the trust reposed in us, Greening research is conducted by experts—under a merciless system of observation—record—and selection.

It is our unwavering practice to eliminate that which may prove below the exacting standards that we have fixed for Greening Merchandise.

To the vast field of new varieties and so-called novelties, we hold a tolerant but critical attitude. All are given fair trial, but it is the invariable Greening practice to hold fast only to those that have outstanding merit.

You may purchase Greening Nursery products with the full confidence that Greenings have long ago instituted knowledge for uncertainty, and that Greening Nursery Products are the result of years of knowing definitely what to do, and consistently doing it.
